

Sip, Swirl & Savor in Santa Ynez *with feathered friends*

Escape for the day to the picturesque Santa Ynez Valley and savor the fruits of its bounty. Known for its Mediterranean climate, this Valley has long possessed the perfect combination of temperature and soil to grow the grapes harvested for world-class wines. After an included lunch at AJ Spurs steakhouse, no trip to Santa Ynez would be complete without a taste of the region's best olive oils. On a visit to a local press, we will taste their wide spectrum of oils - from mild and soft, to pungent and peppery. Discover the scents, textures, flavors, and other attributes that give them their identity. In addition to their extra virgin olive oil, samples of flavored olive oils, balsamic vinegars, wine vinegars, truffle oils, table olives, and other gourmet food products are available for sample and purchase. Our day will end with a visit to an ostrich and emu farm where you can get up close and personal with these big birds that are a rare and unique sight in this part of the world.
