THE MISAIC TILE HOUSE in Venice Beach, is a vibrant, whimsical art installation and residence, adorned with a dazzling array of hand-cut tiles, mirrors, and colorful ceramics. Created by artists Cheri Pann and Gonzalo Duran, the house is a living canvas, where every surface-both inside and out-bursts with intricate mosaics. This eclectic, ever-evolving masterpiece reflects the artists' playful creativity, transforming the home into an immersive experience that draws visitors into a world of color, texture, and imagination.

THE ZIMMERMAN AUTOMOBILE DRIVING MUSEUM, located in El Segundo, offers a unique, hands-on experience for car enthusiasts. It features an impressive collection of vintage and classic cars, with a special focus on American automotive history. What sets this museum apart is its "ride-along" Sundays, where visitors can take a ride in one of the beautifully restored vintage vehicles. The museum aims to preserve the legacy of classic cars while providing an interactive and educational experience for all visitors.
